

EIGNUNGSFESTSTELLUNGSVERFAHREN

SECOND PART

This part consists of **FOUR** sections.

Each section is equally weighted with **25 points for each**.

1. Listening Comprehension

2. Content

Prose Composition
Discourse Completion

3. Structure

Grammar
Grammaticality
Grammatical Categories

4. Reading Comprehension

Aims, Objectives and Structure of the *FAU-Sprachtest*

The objective of the second part is somewhat broader than that of the first part in that it assesses your comprehension, analysis and production skills.

1. Listening Comprehension

All the questions in this section are multiple choice – which means that you are given a question and are asked to pick the one correct answer from the four answers given.

2. Content

In the first section you are given an extract from one of the texts on linguistics that you will be expected to read in your first year – but certain words have been taken out. All you have to do is choose which of the four alternatives best fits in the gap. The second section requires you to find the most logical and appropriate place for whole sentences.

3. Structure

What we are testing here is your ability to think across languages, to see whether you can relate certain structures to German. We are also trying to find out how much you know about the structure of language and about grammatical categories.

4. Reading Comprehension

This section tests your understanding of a written text and whether you can use some of the information you find there.

Please note that you have **60 minutes** to complete the test. We recommend that you plan your time carefully and attempt to answer all the questions in all four sections.
